Borough Park

We are starting our Friday night shifts now,
in Borough Park.

There are lots of youngsters relaxing in the park and it's
good to stop and have a chat.

We have noticed that litter and bottles can be a problem
and so as well as clearing the litter ourselves we are
inviting the young people to do so as well and they
have responded helpfully, as they too, are aware of the
danger of glass litter being left around on the grass.

Please pray for our young people over the Summer
holiday that they may enjoy their free time and keep
themselves and others safe.

*Look out too, for the
Incredible Edible Totnes Rockery Garden
on your way into the park from the
station!*
