Attendance last 8 weeks ending 02/08/2015  
including 1 week's holiday closure = 683

# Mark's Blog

During the summer months we get some people who are just passing through the area who use the services available at the Drop in Centre.

Unfortunately we have a small number of homeless service users who have been homeless around Totnes for a while now. Some of these individuals are waiting to access accommodation in Totnes and don't really want to be based in Torbay or the Plymouth area.

This is difficult as there is limited suitable and affordable private rented accommodation in Totnes that accept tenants on benefits, which is making it hard to house people.

Each person is quite entitled to choose where they want to live but it's frustrating when properties are available and affordable in other locations that could house people immediately.

During this last season many people have been helped by the support worker from Sanctuary Supportive Living who attends the DIC. People receive help with housing issues, benefit queries and many other areas of need. We thank Ruth for all the wonderful work she does with the service users.

We also greatly appreciate the work Amanda from SHDC does with the service users.

The message from the heart of what we do at the Drop in Centre is to show love and support, to encourage people and help them to move forward in their lives.

The issue of some of our long-term homeless people in Totnes (both men and women) could be easily solved if more affordable accommodation was available in the Totnes area.

It has been a busy time for Pastor Mark counselling and encouraging people that are struggling.

Thank you to everyone who supports the Drop In Centre, your love and kindness is very much appreciated.

To God be the Glory!
